

PRATHIK KUMAR

VISUAL & UI/UX DESIGNER

Hyderabad, India | +91 90147 57381 | 6011prathik@gmail.com | Portfolio: prtk-studio-67ccf7.webflow.io | GitHub: github.com/Prathik1812

Creative Visual & UI/UX Designer with hands-on experience across branding, visual communication, social media design, and product/UI design. Adept at translating ideas into engaging digital and print assets for startups, AI companies, and university organizations, while collaborating closely with marketing, product, and development teams. Combines a strong design sensibility with attention to detail to build memorable, consistent visual experiences across platforms. Proficient in Adobe Photoshop, Figma, Canva, typography, branding, and layout design.

AREA OF EXPERTISE

Branding & Visual Identity	Layout Design	Figma & Prototyping
Social Media Design	Marketing Creatives	Adobe Photoshop
Print Design	Event Branding	Canva
Typography	UI/UX Design	Visual Communication

PROFESSIONAL EXPERIENCE

UI/UX Design Intern, FlyRank AI July 2026 – Present

- Design user interfaces and user experiences for AI-powered products.
- Create wireframes, high-fidelity mockups, and interactive prototypes in Figma.
- Collaborate with developers and product teams to improve usability and visual consistency.
- Contribute to design systems and product design workflows.

Junior Graphic Designer Intern, SuPraZo Technologies Dec 2025 – May 2026

- Designed social media creatives, banners, brochures, certificates, posters, and branding materials.
- Collaborated with senior designers on client projects while maintaining brand consistency.
- Produced print-ready and digital marketing assets across multiple campaigns.
- Managed multiple creative deliverables within tight project deadlines.

KEY ACHIEVEMENTS

- Event Branding.** Created promotional and event design assets for Hacktronics 2.0, a national-level hackathon, including posters, brochures, certificates, banners, and digital marketing creatives.
- Industry Experience.** Successfully completed a six-month industry internship as a Junior Graphic Designer at SuPraZo Technologies.
- Product Design.** Currently contributing UI/UX design work at FlyRank AI, an AI-focused startup.
- Campus Design Lead.** Created visual content and branding for multiple university clubs and technical events.

PROJECTS

Hacktronics 2.0 — Event Branding

- Designed complete branding for a national-level hackathon, including posters, brochures, certificates, event banners, social media campaigns, and promotional creatives.

ENVY — Mini Project Design Graphics

- Designed visual and graphic assets for ENVY (Environmental Vigilance sYstem), a precision agriculture IoT mini project, including diagrams, UI visuals, and presentation graphics representing the system's sensor network and app architecture.

University Design Campaigns

- Created branding and marketing creatives for multiple technical clubs, workshops, and university-wide events, ensuring consistent visual identity across platforms.

EDUCATION

Bachelor of Technology, Electronics & Communication Engineering 2023 – 2027

Anurag University | CGPA: 8.50
